INGREDIENTS

Dicalcium Phosphate, Calcium Carbonate, Magnesium Oxide, Salt, Distillers Dried Grains/Solubles, Cane Molasses, Sodium Selenite, Sodium Bicarbonate, Potassium Chloride, Mineral Oil, Hydrated Sodium Calcium Aluminosilicate, Yeast Culture, Manganese Sulfate, Zinc Sulfate, Ferrous Sulfate, Copper Sulfate, Ethylenediamine Dihydriodide, Vitamin A Supplement, D-Activated Animal Sterol (Source of Vitamin D-3), Vitamin E Supplement, Ethoxyquin Preservative, Natural and Artificial Flavors, Artificial Color.

FEEDING DIRECTIONS

Feed free choice to approximately 3-4 ounces daily for beef cattle grazing on wheat or grass pastures. The period of greatest need for magnesium supplementation is from April through October. Should be fed free-choice year round in areas where soil magnesium content is marginal or deficient. Pastures that have been fertilized with generous amounts of nitrogen and potash may interfere with magnesium availability for pasture grasses. Consult your **PEET'S** Representative for ration balancing services to provide the optimum usage of grain and roughage.

CAUTION: Offer **MAGNA MINERAL** as the only source of selenium.
